

## **Part Time Educational Therapist /Executive Function Coach**

**RESEARCHILD (Research Institute for Learning and Development) directed by Dr. Lynn Meltzer**, is world-renowned for clinical work, teacher training, research, and curriculum development focused on executive function strategies that empower students to learn how to learn. Our flagship SMARTS EF curriculum is being used by educators in 46 states and 27 countries. We are dedicated to transforming the lives of students with learning differences and executive function difficulties. We collaborate with parents, teachers, and other professionals to teach students of all ages, so that they become strategic learners and find their unique pathways to academic and life success.

We also provide specialized one-to-one strategy instruction and executive function coaching, as well as specialized reading, writing, and math instruction for students with learning and attention differences.

We are looking for a part-time teacher with expertise in teaching executive function strategies as they apply to academic subjects, primarily for students in middle and high school.

This position is for after-school hours (3:00-7:00pm), during the school year 2023-2024, at least two days a week at our Lexington, MA office – although it may include additional remote sessions.

### **Educational Therapy**

- Plan and implement 1:1 educational therapy/executive function strategy sessions for ResearchILD clients.
- Initiate and sustain contact with clients' parents/caregivers and relevant professional or school personnel.
- Maintain weekly plans and progress notes for educational therapy sessions.
- Attend school meetings with families when appropriate or feasible.

### **Qualifications and Personal characteristics:**

- **Must be commuting distance to our Lexington, MA office**
- Master's degree in special education or related field
- Experience teaching executive function strategies to students with LD/ADHD/EF challenges.
- Excellent interpersonal, organizational, and team skills
- Enjoys teamwork and collaborates easily
- Excellent communication skills
- Comfort with teaching math to students is preferred
- Experience working with children, adolescents, and adults??
- Experience collaborating with schools and parents
- Availability to work with a minimum of six students during the week (6 hours)

**Benefits Include:**

- Mentoring, professional development, educational resources, attendance at ResearchILD's conferences, as well as access to our SMARTS Executive Function Curriculum and Trainings.
- Unique opportunity to work in an organization which integrates research, theory, and practice
- Strong collaborative culture
- Flexible hours

**Starting salary:** \$60.00/session

Please submit your resume **and a cover letter** to Joan Steinberg, Director of Educational Therapy, [jsteinberg@researchchild.org](mailto:jsteinberg@researchchild.org).
